We have entered the 17th year of our glorious academic journey.

We made a humble beginning in 2007 with 234 learners and now have grown up meticulously to a strength of 1081 learners.

I wish to begin the celebration of our success with an expression of gratitude to our illustrious management past and present, whose vision, wisdom & missionary zeal inspired all the stakeholders to work with passion and commitment. While expressing our gratitude to every one we must remember that “The highest appreciation is not to utter words but to live with them”.

With great pleasure, I present the Annual Report 2023

The complete premises of the school has been secured by providing chain link fencing in the gaps in the school perimeter.

'Learning never ends' keeping this as key to success we constantly strive to keep our teachers updated by making them attend various training programmes held at different levels.

These are just a few to count upon the various activities we pursue in our school.

APS Kamptee reflects, we work as a team to maintain and enhance the glorious tradition of success and intend to continue it in future also.

At last I wish to conclude by saying

One tree can start a forest
One word can frame a goal
One candle can wipe out darkness
True success lies in confidence
& together we strive to build Brilliance.

Jai Hind.
